

SAINT-JEAN-SUR-RICHELIEU, JANUARY 1, 2026

PowerTrain™ 10th anniversary celebrations

Duration

From January 1 to December 31, 2026

Eligibility

Participants must be legal residents of Canada and 18 years of age or older.

To participate, a person must be registered as a user on the PowerTrain™ platform at www.tnbpowertrain.com. The user must be an employee of a Signature Service electrical distributor. Eligibility will be validated by means of the PowerTrain user database. Employees of ABB's Installation Products division are also eligible to participate in the Top 10 leaderboard rewards and MEGA power quiz activities.

ABB has the right to require proof of identity or eligibility from the participant for him/her to participate in the contest. Failure to provide such proof can result in disqualification.

All information supplied to ABB must be truthful, accurate and complete. ABB reserves the right to disqualify any participant if the information is false, inaccurate or incomplete.

Top 10 leaderboard rewards

ABB will award prizes throughout 2026 to the PowerTrain users who rank in the top 10 of the leaderboard standings. Ranking on the leaderboard is determined by points earned from taking the Power Quiz after completing each module.

The top 10 will be determined by ABB based on leaderboard standings at 9:00 AM eastern standard time on each of the following dates in 2026: February 20, May 22, August 21 and November 20.

Two groups of top 10 will be identified: one for Signature Service distributor employees and one for employees of ABB's Installation Products division in Canada.

Users from both groups can win only once in the 2026 calendar year. Should users from either group remain in the top 10 from one date to another, the user in that group with the next highest score who has not yet won a prize will be selected.

Prizes include insulated coffee mugs, wireless speakers and power banks. One prize will be awarded per top 10 user per date. If advertised prizes are not available, ABB reserves the right to substitute prizes of an equal value.

Top distributor branch

Twice during 2026, after Q2 and Q4, we will be rewarding the distributor branch in each of our six (6) sales districts that completes the most modules during the previous two quarters. There will be twelve (12) winning branches in total.

Sales districts are as follows:

- Atlantic provinces
- Quebec
- Ontario (Central)
- Midwest (Manitoba, Saskatchewan)
- Alberta
- British Columbia

Winning branches will be determined based on the number of modules completed from January 1 to June 30, 2026 and July 1 to December 31, 2026, verified by means of Powertrain user statistics. Each winning branch will receive a special banner to display and insulated water bottles for their branch: a value of \$350.00. A maximum of 16 water bottles will be awarded per branch.

Branches will be notified by phone or email and prizes will be delivered by courier or in person, via their ABB sales representative, in the following quarter (Q3 2026 and Q1 2027).

MEGA power quiz

On December 1, 2026, we will open the MEGA power quiz to PowerTrain users who are employees of ABB's Installation Products division and Signature Service distributors.

These users will have until December 31 to complete this special quiz made up of one question per PowerTrain module (approximately 40 questions).

The 250 Signature Service distributor employees and 50 ABB ELIP employees who earn the highest quiz scores will receive a wireless phone charger (value of \$ 27). In the event that two users have the same score, the one who completes the quiz earlier ranks higher.

The deadline to complete the quiz is December 31, 2026 at 11:59 pm (EST).

Awarding prizes

Winners will be notified by phone or email within 30 days of each completion date. Winners consent to have their names published. Prizes will be sent by courier or delivered by ABB sales representatives. We will contact each winner to confirm addresses to which prizes are sent.

In the event that advertised prizes are not available, ABB reserves the right to substitute prizes of an equal value.
