

PowerTrain™ Product training

10th anniversary celebrations!

In 2026, we are celebrating 10 years of our award-winning PowerTrain online training platform. In December 2015, we launched the platform with 3 training modules and no users. Today, there are 44 modules available and over 5,000 registered users across Canada!

The program was designed specifically for you and is available to employees of Signature Service distributors across Canada. Thank you for your participation over the last 10 years!

www.tnbpowertrain.com

We have an exciting year planned with lots of opportunities for you and your branch to win PowerTrain-branded merchandise.

Top 10 leaderboard – internal and external

On four dates in 2026, we will be celebrating the top 10 power-users at Signature Service distributors based on PowerTrain leaderboard rankings. To be eligible, do the power quiz after you complete each module!

Top distributor branches

Twice during 2026 – after Q2 and Q4 – we will be rewarding the branches that complete the most modules during the previous two quarters: one winning branch per sales district, six in total.

Mega power quiz

To round out the year, we will roll out a PowerTrain mega quiz contest in Q4. The top 250 Signature Service distributor employees will receive a PowerTrain branded wireless phone charger.

ABB

PowerTrain offers a simple, multi-platform user interface that puts powerful knowledge at your fingertips. Here is a complete list of the 44 training modules available as of January 2026.

- 1 T&B® Cable Tray Basics
- 2 Star Teck® Fittings for Ordinary Locations
- 3 Microelectric® Meter Sockets
- 4 Electrical Boxes for Residential Construction
- 5 Emergency Lighting Basics
- 6 ExpressTray® Wire Basket Tray
- 7 Ocal® Conduits and Fittings System
- 8 Star Teck Fittings for Hazardous Locations
- 9 Ty-Rap® Cable Ties
- 10 T&B Floor Boxes
- 11 Microelectric Self-Contained Meter Sockets
- 12 Electrical Boxes for Commercial Construction
- 13 Blackburn® Compression Basics
- 14 Emergency Lighting – Mini-Inverters
- 15 Cable Tray Technical Module
- 16 Ocal Installation Tools and Techniques
- 17 Ty-Duct™ Wiring Duct
- 18 Marrette® Wire Connectors
- 19 EZ-Ground® Ground-Grid Systems
- 20 Exit Signs
- 21 IEEE 837-2014 Standard for Substation Grounding
- 22 Weatherproof Products
- 23 Miniature Circuit Breakers
- 24 Shrink-Kon® Heat Shrinkable Tubing
- 25 Iberville LHTQ™ Device Boxes
- 26 Electrical solutions for the food and beverage industry
- 27 Push-in spring motor starting solutions
- 28 Residential load centers
- 29 Blackburn® mechanical connectors
- 30 T&B Liquidtight Systems®
- 31 Overhead Distribution Connectors
- 32 Made In Canada
- 33 Midwest® Electric Products
- 34 Enclosed Motor Starting Solutions
- 35 Homac® Flood-Seal®
- 36 Star Teck® App
- 37 Microelectric® BP320 series meter sockets
- 38 ABB empower customer portal
- 39 Sta-Kon® Compression Wire Terminals
- 40 Electrical Outlet Boxes for Fire-Resistant Walls
- 41 Superstrut® Metal Framing
- 42 Installation Tools
- 43 **Electric Vehicle Energy Management Systems**
Learn about EV energy management systems, EV charging options and discover our range of Microelectric® EM series products to manage level 2 EV charging.
- 44 **Electrical Enclosures**
Get a complete overview of electrical enclosures including where and why they are used, NEMA and IP ratings and our BEL commercial and industrial product offerings.
